Mathematics

This test is similar to the end of Year 6 tests. The prominent difference is that questions will push for the higher ability to calculate and reason.

Writing

This test is a short writing activity under test conditions. This test will only be looked at where a child's test scores are just below the threshold for grammar selection. This will not be marked and will not affect your child's standardised score.

To be selected as Grammar

- It is likely your child will need to score an aggregate of over 320 in all tests to be assessed as grammar.
- The threshold for grammar selection is now around 106 on each test.
- Please note: this is different to our internal CAT tests where the grammar threshold would be between 118-120
- If your child falls just below the threshold, and the Head Teacher decides to make an appeal, their writing task will be considered as further evidence alongside work in school books.

Dover Girls and Boys Entrance Tests

- Sat 10th September 2016 - entrance test for Dover Girls and Boys Grammar Schools
- You need to register separately by 15th July for Dover Boys and 4th July for Dover Girls Grammar to sit the Dover Tests.

Mathematics and English.

What happens next?

- If you wish your child to attend a grammar school you must register them for the Kent Test by 1st July.
- Ensure you look at all the schools you are interested in, if you are interested in Dover Boys or Girls, enrol to take their entrance tests.
- The decision is yours, although you must involve your child in the discussions and hear their opinions.
