

Warden House Primary School

PSHEC (PERSONAL, SOCIAL, HEALTH EDUCATION AND CITIZENSHIP) POLICY

Date prepared:	Term 3 2021
Author:	Marina Camilleri-Gorman
Checked by:	Doreen McVeigh – Governor
Date ratified	15 May 2023
Review date	Term 3 2024
Date published on website	31 May 2023

Introduction

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHEC curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

An amendment to the Children and Social Work Act 2017 made **Relationships and Health Education** at primary; and Relationships, Sex, and Health Education at secondary, statutory subjects. The DfE guidance on Relationships, Health and Sex Education for governing bodies can be seen [here](#). **This will become active from September 2020.**

At Warden House we are confident that the Jigsaw Programme covers all aspects of Relationships, Sex and Health Education (RSHE) within the context of a full PSHEC programme in an age-appropriate way. Should changes to these curriculum areas occur in the future, we as a school will ensure all statutory duties are fulfilled.

This Jigsaw PSHE policy is also informed by DfE guidance on Relationships, Sex and Health Education (as above), [preventing and tackling bullying](#) (Preventing and tackling bullying: Advice for head teachers, staff and governing bodies, July 2013, updated 2017), [Drug and Alcohol Education](#) (DfE and ACPO drug advice for schools: Advice for local authorities, headteachers, school staff and governing bodies, September 2012), [safeguarding](#) (Working Together to Safeguard Children: A guide to inter-agency working to safeguard and promote the welfare of children, March 2013 and [Keeping Children Safe in Education, 2019](#)) and [equality](#) (Equality Act 2010: Advice for school leaders, school staff, governing bodies and local authorities, revised June 2015).

The Jigsaw Programme meets all the outcomes in the PSHE Association Programmes of Study, 2020.

Aim of the Jigsaw PSHEC policy

To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning. In our school we choose to deliver Personal, Social, Health Education and Citizenship using Jigsaw, the mindful approach to PSHEC.

Objectives/Pupil learning intentions:

Jigsaw PSHE will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

Jigsaw Content

Jigsaw covers all areas of PSHEC for the primary phase, as the table below shows:

Term	Puzzle name	Content
Autumn 1:	Being Me in My World	Includes understanding my place in the class, school and global community as well as devising Learning Charters
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and diversity work
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations and resilience building
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices (on and off line)
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills
Summer 2:	Changing Me	Includes Sex and Relationship Education in the context of looking at and managing change

PSHEC has clear links with other school policies aimed at promoting pupils' spiritual, moral, social and cultural development, including the:

- Anti-Bullying Policy
- Behaviour Policy
- Confidentiality Policy
- Drug and Alcohol Education Policy
- Equal Opportunities Policy
- Health and Safety Policy
- ICT Policy and Safe Internet Use Policy
- Inclusion Policy
- RE Policy
- Safeguarding/Child Protection Policy
- SMSC Policy
- Special Educational Needs Policy

The role of the Headteacher and Governing body

It is the responsibility of the Governors to ensure that as well as fulfilling their legal obligations; the governing boards should also make sure that:

- All pupils make progress in achieving the expected educational outcomes in regard to PSHEC;
- PSHEC is well led, effectively managed and well planned;
- The quality of PSHEC provision is subject to regular and effective self-evaluation;
- Teaching is delivered in ways that are accessible to all pupils with SEND;
- Clear information is provided for parents on the subject content and the right to request that their child is withdrawn; and,
- The subjects are resourced, staffed and timetabled in a way that ensures that the school can fulfil its legal obligations

Monitoring and Review

The Curriculum Leads gives serious consideration to any comments from parents about the sex education programme, and make a record of all such comments. Parents and carers have the right to see [sample materials](#) used within the teaching of PSHEC and can do so by prior appointment with a member of staff. As Jigsaw materials are copyrighted the school is not permitted to put teaching materials on the public facing website, or provide electronic copies of materials to parents and carers at home.

Health Education including substance education, mental health education and safety education

Effective Health Education can make a significant contribution to the development of the personal skills needed by pupils as they grow up. It also enables young people to make responsible and informed decisions about their own and others' health and well-being.

How is Jigsaw PSHEC organised in school?

Jigsaw brings together PSHEC Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly, generating a whole school focus for adults and children alike.

There are six Puzzles in Jigsaw that are designed to progress in sequence from Autumn to June/July. Each Puzzle has six Pieces (lessons) which work towards an 'end product', for example, The School Learning Charter or The Garden of Dreams and Goals.

Each Piece (lesson) has two Learning Intentions: one is based on specific PSHE learning (covering the non-statutory national framework for PSHEC Education and the statutory Relationships and Health Education guidance, but enhanced to address children's needs today); and one is based on emotional literacy and social skills development to enhance children's emotional and mental health. The enhancements mean that Jigsaw, the mindful approach to PSHEC, is relevant to children living in today's world as it helps them understand and be equipped to cope with issues like body image, cyber and homophobic bullying, and internet safety.

Every Piece (lesson) contributes to at least one of these aspects of children's development. This is mapped on each Piece and balanced across each year group.

Learning and Teaching

In line with our Learning and Teaching Policy, a range of teaching strategies will be used to ensure that learning is purposeful, active and exciting. Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. All pupils will work within a safe, secure climate to be able to explore their own and others' attitudes, values and skills. Lessons will involve a high level of interaction where each pupil has planned opportunities for learning which will give them scope to work to their full potential.

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike is vital to successful and effective teaching and learning within this subject. Each class will establish ground rules based on the following:

The Jigsaw Charter

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass
- We only use names when giving compliments or when being positive
- We respect each other's privacy (confidentiality)

Weekly Jigsaw learning happens in Reception once the children have settled in and links are made with other learning opportunities for personal, social and emotional development. PSHEC lessons are part of the weekly time-table. Learning opportunities in other subjects through our theme led curriculum are being developed and specific events and activities are to be planned into the school year to enrich learning. Teachers will choose the method most appropriate for their whole class to meet the objectives of the lesson.

Where possible as a school we try to combine our [Learning Model](#) with the PSHEC Charter ethos in many aspects of school life. We aim to put this into practise by valuing the opinions and ideas of our pupils. We try to involve our pupils in new initiatives that have strong PSHEC links. Our school council is also very much involved in collecting opinions and feeding back ideas on how we can improve our school and aspects of school life. Warden house has recently been [awarded a gold standard for its outstanding mental health and wellbeing provision](#).

Differentiation/SEN

Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. Teachers will need, as always, to tailor each Piece (lesson) to meet the needs of the children in their classes. To support this differentiation, many Jigsaw Pieces (lessons) suggest creative learning activities that allow children to choose the media with which they work and give them scope to work to their full potential. If any changes are implemented nationally, following DfE guidance, Jigsaw will make the necessary amendments and offer this free update to all its schools.

Safeguarding

Teachers need to be aware that sometimes disclosures may be made during Jigsaw lessons; in which case, safeguarding procedures must be followed immediately. Sometimes it is clear that certain children may need time to talk one-to-one after the lesson closes. It is important to allow the time and

appropriate staffing for this to happen. If disclosures occur, the [school's Safeguarding policy](#) is followed.

Assessment

Teachers will be eager to ensure children are making progress with their learning throughout their Jigsaw experience. Therefore, each Puzzle (unit of work) has a built-in assessment task, usually in Lesson (Piece) 6. This task is the formal opportunity for teacher assessment, but also offers children the chance to assess their own learning and have a conversation with the teacher about their two opinions.

Reporting to Parents/Carers

Each Puzzle's assessment tasks, attainment and children's PSHEC book or folder assist the teacher in reporting meaningful learning progress to parents/carers during our parents'/carers evenings.

The Attainment Descriptors

Please be aware that these attainment descriptors are specific to Jigsaw and to year groups. They are designed to give guidance when considering each child's learning journey. They are **not** nationally-recognised. There are no national level descriptors for PSHEC.

The Jigsaw philosophy is that children are praised and their achievements celebrated in every Piece (lesson). It demands a positive relationship between the teacher and the children which, in itself, values and celebrates each individual. Appropriate time is allocated for this process.

Monitoring and Evaluation

The PSHEC subject leaders will monitor delivery of PSHEC through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision. Evaluation will be based on:

- Pupil voice and teacher evaluation of the content and learning processes
- Monitoring of pupils' work in PSHEC books and folders
- Staff meetings to review and share ideas

External contributors

External contributors from the community, e.g. health promotion specialists, school nurses, social workers, and community police and fire officers, make a valuable contribution to the Jigsaw PSHEC programme. Their input should be carefully planned and monitored so as to fit into and complement the programme.

Teachers **MUST** always be present during these sessions and remain responsible for the delivery of the Jigsaw PSHEC programme.

The Learning Environment

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital. To enable this, it is important that 'ground rules' are agreed and owned at the beginning of the year and are reinforced in every Piece (lesson) – by using The Jigsaw Charter. (Ideally, teachers and children will devise their own Jigsaw Charter at the beginning of the year so that they have ownership of it.) It needs to include the aspects below:

The Jigsaw Charter

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass
- We only use names when giving compliments or when being positive
- We respect each other's privacy (confidentiality)

Teaching Sensitive and Controversial Issues

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers will be prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement.

Teachers will take all reasonable, practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers will adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers will seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their class teachers or their peers.

Answering Difficult Questions and Sensitive Issues

Staff members are aware that views around RSHE/ PSHEC -related issues are varied. However, while personal views are respected, all RSHE/ PSHEC issues are taught without bias using Jigsaw. Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect that others have the right to a different opinion.

Both formal and informal PSHEC arising from pupils' questions are answered according to the age and maturity of the pupil(s) concerned. Questions do not have to be answered directly, and can be addressed individually later. The school believes that individual teachers must use their skill and discretion in this area and refer to the [DSL's](#) following the school's [Safeguarding Policy](#).

Our school believes that PSHEC should meet the needs of all pupils, answer appropriate questions and offer support. In Jigsaw Pieces (lessons) that cover RSHE provision, this should be regardless of their developing sexuality and be able to deal honestly and sensitively with sexual orientation and gender diversity, answer appropriate questions and offer support. LGBT+ bullying is dealt with strongly yet sensitively. The school liaises with parents/carers on this issue to reassure them of the content and context.

Training and Support for Staff

All staff benefit from Jigsaw PSHE training in order to enhance their PSHE delivery skills. Opportunities are provided for staff to identify individual training needs on a yearly basis and relevant support is provided.

In addition to this, support for teaching and understanding PSHE issues is incorporated in our staff INSET programme, drawing on staff expertise and/or a range of external agencies.

Involving parents and carers

The school believes that it is important to have the support of parents, carers and the wider community for the Jigsaw PSHEC programme. Parents and carers are/will be given the opportunity to find out about and discuss the Jigsaw PSHE programme through:

- * Opportunity to speak with Subject Leaders or the Headteacher
- * Parents'/carers' evenings
- * Involvement in policy development

Pupil Consultation:

- It is useful for pupils to be consulted on their own personal, social and citizenship development. Ask pupils either in individual classes or through the school council what sort of person they would like to be by the time they leave this school; what qualities, skills, attitudes, values are important to them as people?
- Develop this further by asking pupils how they feel the school could support them with this, what initiatives the school could implement to support this e.g. friendship benches, peer mentoring systems.

Links to other policies and curriculum areas

We recognise the clear link between Jigsaw PSHEC and the following policies and staff are aware of the need to refer to these policies when appropriate. All relevant policies could be found [here](#).

- Science curriculum
- Learning and teaching Policy
- Equal Opportunities Policy
- Safeguarding Policy

Dissemination

This policy is available on our school website where it can be accessed by the community. Training is regularly delivered to staff on the policy content. Copies are available from the school office on request from parents/carers.

Confidentiality and Child Protection Issues

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he talks to the designated safeguarding lead who takes action as laid down in the Safeguarding Policy. All staff members are familiar with the policy and know the identity of the member of staff with responsibility for Child Protection issues ([DSL's](#)). The child concerned will be informed that confidentiality is being breached and reasons why. The child will be supported by the teacher throughout the process.

Warden House Primary School is committed to safeguarding and promoting the welfare of children and expects all staff and volunteers to share this commitment. The Safeguarding Children Policy and procedures are available on our website and provide comprehensive information regarding all forms of child exploitation.
