

Dear Parents and Carers,

What a lovely week of learning we have had at school. As part of our Trust Arts project, we have been focusing on climate change. Each year group has been assigned a book to support their art and writing outcomes, and the children have really enjoyed being immersed in the different texts.

In year 5, children have been developing their own creative responses to the text 'Footprints'.

Alongside this, we have been working on our Climate Action Plan which is helping us take steps to care for the environment and build a more sustainable future. By looking at how we use energy, manage waste, travel to school, and care for our grounds, we can reduce our impact on the planet while teaching our children the importance of sustainability in everyday life. Through our Climate Action Plan, we aim to create a greener school, empower our children to lead change, and work together as a community to drive positive change. If you would like to become involved with this or have any further ideas, please do make contact with the school office.

This week, our library visits have continued with children really enjoying having a look at the huge variety of books available for borrowing. Thank you to the parents who have been able to attend these trips.

A huge thank you to the PTFA for arranging gift bags for the children to take home for someone special ahead of this Sunday. It was lovely to see the children enjoying the chance to choose a special gift to give.

Have a lovely weekend.

Mrs Cooper

## Dates for your diary

- ❖ SRMS Netball Tournament – Friday 20th March
- ❖ Rocksteady Concert – Monday 23rd March 2pm
- ❖ Year 1 Parent Phonics Workshop Tuesday 24th March 2.30pm
